April 6, 2016

To Whom It May Concern,

The San Dieguito Union High School District procured the services of Patrol Masters Inc. from August 2015, through March 2016. During this time, our Oak Crest Middle School underwent a construction project that disrupted the student's walking route to school. In the morning, and afternoon, our students were required to cross a busy street twice to avoid construction activities. Patrol Masters staff members, Linda, and Jack Frieden, worked with school administration to quickly set up a team of crossing guards at two points that managed this disruption into a safe, controlled situation for the kids and local motorists. The guards were masterfully scheduled to synchronize with the Oak Crest school calendar, including periodic early/late start times, and holiday breaks. The positive interaction of the guards with our school community frequently drew high praise from students, parents and faculty throughout the duration of their service. Our guards were friendly, well-trained, and on-time.

The superior performance of Patrol Masters allowed us to safely transition through a difficult challenge. I am grateful for their professionalism and I look forward to working with Patrol Masters on future projects within our District.

Sincerely,

Daniel Love  
Director of Maintenance,  
Operations and Transportation
